

ARTIST PROFILE

Interlude takes the time to get to know who you are and your craft. Interlude is run by creatives, we understand the importance and want for growth, allow us to help you grow.

For an artist to grow as an individual they need exposure. Your website and portfolio are your gateway to the world. A video profile gives an insight into your craft, creating a closer connection between you and your audience. A profile that portrays the artist for who they are and what they bring to their field in an eye-capturing, engaging piece of footage can gain that global exposure.

An Interlude Artist profile does exactly that. Share that unique gift you have with the rest of the world, in a very succinct yet creative manner. With rich, powerful, cinematic imagery and a beautifully lit interview, it shows people that you are taking pride in what you wish to offer.

HOW IT WORKS

1. MEET

- Meet with our Interlude shooter/producer and get a sound understanding of the artist. Notes will be taken for interview, questions to be prepared. Locations will be decided, dates locked in. This can either be done over coffee, Skype or telephone.
- A google document is formed to ensure we are in contact and exploring the opportunities for what can be covered within the video.

2. SHOOT

- Shoot will be conducted in your own workspace and/or broader location. It's about what will work best to represent you. On arrival we will discuss and talk over the google document, shot ideas and running of the day. Our work is fun and creative as we work collaboratively with you deciding artistic heading and review of shots. All interviews and overlay shots are taken on the day. A final de-brief is had to ensure all shots have been accomplished and goals been reached

3. RECIEVE

- One draft edit will be presented to you and feedback will be required from you before effects and the final touches can be added. It's important to us that you are 100% happy with your footage, we take all feedback on board and adhere to it as best we can.
- Any extra edits will cost an additional fee
