

## THE GIFT

*We see life being a celebration and one that should be commemorated.  
This is your everlasting Gift to them!*

Gifts, overtime, can be forgotten, unuseable and/or discarded. Time passes, objects have been overused and memories have begun to fade away. When a significant birthday (21st, 50th, 80th), wedding, engagement or achievement is within the near future, friends and family want to present a meaningful gift that stands out from others in the past. A video created to capture this person's life and show love for who they are, is one that will last through time.

These days most people have an endless archive of footage sitting on their computer, in their phones, even on tape. Yet nothing is ever done with it. We want to have in-depth conversations in a relaxed interview form with friends and family. The digital archival footage will commemorate a person's life. This beautiful, digital video will not only celebrate their life and significant event but will also be a memory of this person that can be passed down and lived on through generation to generation.

## THE GIFT

### HOW IT WORKS ("THIS IS YOUR LIFE"): 3 STEPS

#### 1. MEET AND GREET

- Meet with our Interlude Producer and get a sound understanding of the business. Notes will be taken for interview Questions to be prepared. Locations will be decided, dates locked in. This can either be done over coffee, Skype or telephone.
- A google document is formed to ensure we are in contact and exploring the opportunities for what can be covered within the video, such as favourite objects, areas of the house, particular stories and questions, etc. All is dependent on the person the gift is for.
- We will also ask to prepare any footage and/or photos you have of this person to have ready for the next time we see you. Meaning the desired footage is chosen, tapes are put into digital form and it is ready to be transferred onto an external device. This will help with the raw creativeness and look of the video.

#### 2. SHOOT DAY

- Anyone who will be in the video is present at the location on the agreed day. If it is a surprise gift then that person obviously will need to be distracted and preoccupied for the time.
- We spend this time interviewing members of the family and friends (who that is, is of course up to you) who are involved and should be apart of the gift. This can be done in different spots throughout the house.
- We gather any other necessary complimentary shots.
- Generally the day taking anywhere from 3-5 hours. This is dependant on how many speakers and the run of the day. Each interview taking around 15-20mins focusing on memories and stories. A copy of questions to be asked will be sent to anyone involved before the day itself to have answers prepared.

#### 3. RECIEVE

- One draft will be sent. Any changes and feedback will be again used for the final film, which will be uploaded to vimeo to share with the extended family & social community if you desire.
- The turnaround time for the final product will usually take anywhere between 2-4 weeks dependant on changes and time constraints.

THE IDEAS ARE INTERCHANGEABLE – SO IF THERE ARE THINGS YOU HAVE IN MIND THAT CAN BE ADDED OR WORKED INTO THE GIFT, PLEASE SHARE THEM WITH US!
