

WATCH ME GROW

'Watch me Grow' Documents the unique relationship and connection of a family in a natural and unforced way.

From those first few weeks of innocence to the days of kicking the footy around in the park - it's about capturing something that will become your child's greatest memory and crafting it into beautiful film that celebrates their coming of age.

For it is true, babies grow so fast in the early years - Their development is rapid and almost impossible to capture. With our help and yours, we can promise that this time will be cinematically documented in a way that is unique and true to life.

LIFE IN FILM

WATCH ME GROW

HOW IT WORKS

1. MEET AND GREET

- Say hello to the family. We will spend time getting to know your story and build a strong working relationship that is fun and relaxed. Depending on the package you select - this can also be done over the phone.
- We will discuss ideas, shoot location, favorite toys & activities. All is dependent on the age, package and weather.
- Feel free to pass on any footage or photos that could help with the creation of the film. Raw moments are the ones you will only capture.

2. SHOOT DAY

- Is the day we spend time shooting. Usually will be a couple of hours (unless noted) - however it does depend on depend on the activity and how long your baby/children can stay awake for. 2-4 hours is a good start.

3. RECIEVE

- A first draft will be sent with 2-4 weeks. Any changes and feedback will be again used for the final film, which will be uploaded to vimeo to share with the extended family & social community if you desire. This is something that can be built on over time. This footage is yours. Its forever growing. Much like your little one.

THE IDEAS ARE INTERCHANGEABLE – SO IF THERE ARE THINGS YOU HAVE IN MIND THAT CAN BE ADDED OR WORKED INTO THE GIFT, PLEASE SHARE THEM WITH US!
